

# Accuratus 260 Membrane

Accuratus 260 Membrane - Transparent Polyurethane Shaped Membrane for the 260 Euro Keyboard

Model No. VIZ-260EURO-SEELHY

## About

The Accuratus Membrane is moulded on individual keyboard models so you can be assured of a tight fit. Being polyurethane these skins can take a fair degree of abuse, leaving the keyboard underneath free from oil, dirt, dust or spills. With this membrane over the keyboard you can easily disinfect the keyboard with for example a disinfectant spray to prevent passing of germs and bacteria. Excellent for environments where many different people use the same computer keyboard. Accuratus have literally got 'it covered' with these tough polyurethane covers.

## Specification

- Transparent polyurethane membrane
- Completely covers the top and sides of the keyboard
- The membrane is moulded around every key
- Strong adhesive is already around the edges of the membrane - simply peel off the backing and affix.
- Easily cleaned
- Protect your keyboard from oil, dirt, dust and spills
- Ideal to help prevent the passing of germs
- This 260 Membrane will fit the following 260 Euro keyboards:
  - KYBAC260-PS2EUROHY (PS2 OFFWHITE)
  - KYBAC260U-USBEUROHY (USB OFFWHITE)
