- ✓ Wireless Active Noise Reduction Stereo Ear Units
- ✓ Noise Cancelling Boom Microphone
- ✓ Full Soft Cushion Ear Cups and Headband
- ✓ Rechargeable Battery
- ✓ Perfect for use with Video Conferencing
- ✓ Works with Speech to Text Programs Including Dragon

**The Andrea Communications ANR-1000 Stereo Headset offers clear, full-bodied sound with wireless Bluetooth® operation. With superior noise reduction to simply enjoy the quiet or to listen to high-fidelity sound without the distraction of background noise.**

The noise-cancelling microphone is perfect for all voice recognition applications such as Dragon and for use with major communication platforms including Zoom, Microsoft Teams, etc. The adjustable boom microphone allows for hands-free phone calls with just the touch of a button.

The ANR-1000's 40-millimeter drivers utilise high-power neodymium magnets to deliver true high-definition sound in a wide dynamic range. The headphone is lightweight with a padded headband and plush ear cushions for all-day comfort.
