

ALTHEA08W 2-Port 100W GaN USB PD Charger, USB-C x 2

Product Images

Short Description

- USB Power Delivery (PD) 3.0 technology with quick charge function
- GaN technology allows for smaller, cooler and more efficient charging devices with greater output
- USB-C output: DC 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/5A *
- Total power: 100W
- Protected against overload, short circuiting and overheating
- Charges MacBook, Nintendo Switch, iPad, iPhone, Samsung Galaxy Note and other USB PD compatible devices

* Charging cable with E-Mark chip will be required for power delivery of greater than 3 amps.

Description

The ALTHEA08W USB-C charger offers efficient and fast charging, featuring 2 USB Type-C ports with Power Delivery (PD) 3.0 technology. Automatically detects and charges devices such as MacBook, Nintendo Switch, iPad, iPhone, Samsung etc., at up to 100W speed.

Gallium Nitride (GaN) chargers provide a smaller, streamlined alternative to traditional silicon, resulting in more efficient chargers and power supplies. They require fewer components in order to operate, and are able to conduct much higher voltages over the typical lifespan of a charger or power device. They also generate less heat than traditional chargers, which results in greater efficiency and more power directed to the device rather than being lost.

The charger is protected against overload, short circuiting and overheating, and with a compact and light-weight design, it is a great travel device and daily companion.

Additional Information

Indicators	Yes
Output Power (watt)	100
Product weight (kg)	0.25
Color	White
EAN	4015867226346
Model Number	ALTHEA08W
Package contents	ALTHEA08W Multilingual quick installation guide
Dimensions (W x D x H)	66 x 68 x 32 mm
