Product Images

Short Description

1. Charge USB (5V) devices quickly with high power output (max 3.1A)
2. 2 USB port with fixed USB-C cable for charging 3 devices at the same time
3. Simply use the cigarette lighter of your car, truck or boat (12V to 24V)

Description

This USB car charger 3.1A with fixed USB-C cable is the ideal solution for charging your tablet and most of your other USB devices such as a smartphone, navigation system, MP3 player or digital camera, simply by plugging in to the cigarette lighter in your car, truck or boat! This USB car charger works on 12-24 volt and automatically converts power to the 5 volts that USB devices use. The device allows easy and convenient charging of devices while travelling, without the need of a PC, notebook or wall socket. Thanks to the high output power and USB ports with fixed USB-C cable, you can charge 3 USB devices at the same time!
