

Maltron Ergonomic 1 Handed Keyboards

Part codes: K-M-LH Left handed (black), K-M-LHU (grey)
 K-M-RH Right Handed (black), K-M-RHU (grey)

Description

Maltron Ergonomic single handed Keyboards are designed to fit a natural hand position to reduce the strain on the tendons of the forearm. By using a Maltron anti RSI keyboard, the result for the many users who have adapted to this layout, is a substantial reduction of pain and often a recovery of their career prospects. Although not everyone is freed of all problems, the majority do benefit. An optional carry case is available for this model. See table below for a complete list of variants.
