

SD5760T Thunderbolt™ 4 Dual 4K Docking Station with 96W Power Delivery

Enhanced productivity today and in the future.

K34110EU

Product Description

If you need a high-speed dock that easily supports Dual 4K connections to HDMI monitors, powers as many devices as possible and reduces the number of adapters, cables and wired devices on your desktop, the SD5760T Thunderbolt 4 Dual 4K Docking Station is the ideal dock for you.

Perfect for busy professionals working in the home or office, this dock supports the latest MacBooks, Surface devices, and other Thunderbolt 4 enabled laptops with everything you need to enhance your productivity today and well into the future.

Providing a true plug-and-play experience, flexible video port options, 40Gbps data transfer speeds, dynamic Power Delivery and daisy chaining via Thunderbolt 4, the SD5760T offers everything you need in a docking station.

Features

- Offers a quick and powerful plug-and-play solution for Thunderbolt 4, Thunderbolt 3 and USB4 devices running Windows (10 or later) or macOS (11 or later).
- Transfer up to 40Gbps of data video and audio - all through the included 0.8m (2.6') Thunderbolt 4 cable.
- Supports up to Single 8K @ 60Hz via a Thunderbolt 4 port when DSC is enabled or Dual 4K @ 60Hz via two HDMI ports. M1/M2 Base Chipset MacBook or USB-C Alt Mode laptop supports only a single external display.
- Supports up to 96W of Power Delivery and automatically adjusts for optimal performance
- 2 x HDMI ports, 1 x Thunderbolt 4 port, 1 x Thunderbolt 4 host port, 1 x USB-C 3.2 Gen2 10Gbps port, 2 x USB-A 3.2 Gen2 10Gbps ports, 2 x USB-A 3.2 Gen1 5Gbps ports, 1 x Gigabit Ethernet* port, 1 x audio combo jack and UHS-II 4.0 SD/Micro SD card readers.
- Built in UHS-II SD and Micro SD card readers are perfect for graphic designers, video editors and animators requiring fast and efficient data transfer speeds.
- Zero footprint mounting option maximises desktop space and reduces cable clutter by mounting your docking station out of the way.
- Protect your investment with a Kensington cable lock (K65020EU or K65021WW, sold separately).
- Enjoy peace of mind knowing your covered by Kensington with a professional 3-year limited warranty.
- *This dock supports the Gigabit Ethernet standard which provides a maximum data rate of 1Gbps. Actual Ethernet speeds may vary depending on, but not limited to, Internet bandwidth, Ethernet cables, network switches and the hardware and firmware performance of the host computer.
