

K18A PROGRAMMABLE KEYPAD

K18A - EPOS Keypad with 3 Track MSR & 6 Fully Programmable Cherry MX Keys

About

Part Code: KYB500-K18AUBKB

The K18A is a compact and space saving fully programmable numeric keypad with integrated 3 track MSR. The K18A is specifically designed for POS, retail and other environments that require a fully functional keypad and MSR all in the one unit. With Cherry MX Mechanical key switches and a high quality MSR reader it is built to last and perform. Within the keypad are 6 extra fully programmable keys that can be easily programmed to any key function required. The K18A can also be fully customized with custom key layouts on request, dependent on MOQ.

Features & Specifications

- USB connection - Plug and Play (once programmed no drivers or software are required)
- Black case and keycaps
- 6 Re-legendable fully programmable keys with numeric keypad
- Cherry MX Black mechanical keys for extremely long life, perfect for EPOS environments
- Each programmable key can have upto 8 layers of different programming
- 3 Track fully programmable MSR - Complies with ISO7812, IBM standards and American driving license
- True keyboard wedge function
- Internal metal plate for increased protection against ESD
- Compact and slim design
