

# 5005 MINI TRACKBALL KEYBOARD

5005 - Professional Wired Mini Size Keyboard with Optical Trackball Left/Right Mouse Buttons

## About

Part Code: KYBAC5005-USBBLK

The 5005 mini trackball keyboard provides all the tools of a large keyboard and mouse in a very tidy package. The in-built optical trackball and contoured left / right control buttons provide full 360 mouse functionality without wasting desk space. The number pad is ideally highlighted in a blue font and is fully incorporated within the keyboard. The Accuratus 5005 is the ideal companion for any busy user who needs all the tools without cluttering their desk space.
