

Built Environment Audit powered by Diversity & Ability

D&A

Diversity
and Ability

Product Code: X-C-BEA

Features:

- ✓ Built Environment Audit and support.

D&A provides accessibility audits of workplace and public-facing environments, making recommendations to improve accessibility and create an environment that is as inclusive as possible.

Informed by their own lived experience, D&A will always consider how people with a wide range of visible and invisible differences will experience the space. Their review will examine and compare against current standards and provide proactive recommendations for best practice. The environmental accessibility audits will examine and provide recommendations on improving the accessibility of the space through use of space, signage, lighting, facilities, and more.

Inclusive Spaces - Building Guidelines:

D&A can support you in the creation of guidelines for inclusive spaces, with respect to both new builds and priorities for adapting existing properties.
